

Professional Development:

Promoting quality, enabling stroke care

- ▶ Are you providing care to stroke survivors?
- ▶ Have you wondered how you can enable greater independence and quality of life?
- ▶ Do you feel confident in your knowledge of best practice stroke care and rehabilitation?

Join us for an engaging, practical workshop exploring the provision of excellent medium- to long-term stroke care in residential care and home based settings.

EXPERT TUTORS:

Julie Atkinson
Occupational
Therapist

Emma Nahna
Speech & Language
Therapist

Topics:

Update your skills & knowledge of evidence-based best practice in:

- ▶ Stroke and its impact
- ▶ Moving, handling and safety
- ▶ Implementing rehabilitation in the carer setting
- ▶ Enabling a stroke survivor with their daily routine
- ▶ Supporting communication
- ▶ Eating, drinking & swallowing challenges
- ▶ Cognition, mood, and personality changes
